

QUESTIONS FOR THE WORK SESSION

1. Identify one or two measure that could use some improvement. List below:

2. Looking at this measure(s), what would it take to get compliance within your agency and across the system? Example: more training, authorization, sharing templates, documentation, technical resources. Be specific.

3. Which strategies would it be best to work on jointly? How would that be approached?

4. Who or what might be able to change performance? Example: an organization, a specific leader, a partnership.
